Shipping Transactions and Notes of Interest Along the Bay Front.

The light house tender Hibiscus arrived at 4 p. m. yesterday from Key buoy work in this district. Despite sit Co. the bad weather which has prevailed during the past few weeks, all buoys and beacons were reported by the Hibiscus in good condition. The steamer is one of the largest engaged in the light house service, and at the same time is one of the most finely appointed. A berth was taken at the east side of Palafox wharf.

Richmond Sails. The British steamship Richmond, which brought a cargo of mahogany logs from Axim, Africa, and which secured a charter here, got away for sea yesterday with a large cargo, a big dock load having been taken.

Naval Stores Receipts. Naval stores receipts at Central wharf yesterday were reported as follows: Barge Escambia, 360 barrels; schooner Viola, 173 barrels; steamer J. P. Williams, 80 barrels.

Big New Steamship. Twenty-two days old, and twentyone days out from Greenock, the British steamship Strathesk, 2802 tons, Captain Wilson, put into port yesterday to take of course her maiden cargo on her maiden trip from Pensacola. The Strathesk was anchored some distance from the city docks and could not be seen clearly with naked eyes. With marine glasses the fine lines and excellent structural work could be made out easily. The captain could not tell immediately upon arrival yesterday the name of his consignee, but comes for timber cargo. Naturally Capt. Wilson was elated at the prospect of commanding such a fine vessel and gave voice of the steamer's good seaworthiness when asked. There are twenty-four Chinamen in the Strathesk's crew.

Another Uruguayan Bark. The Uruguayan bark San Pedro, 1061 tons, Captain Wilson, was relea from quarantine yesterday and was towed over to the city to load cargo supplied by J. Garriga. The vessel is seventeen days out from Havana. Four hundred tons of fine stone are carried as ballast.

Missed a Trip. account of some necessary boiler work, the Milton steamer City of Tampa did not go up on her regular trip yesterday afternoon as usual. The boilers will be in good shape today, however, and the steamer will

Cotton at Vernon. Much cotton for delivery by steamer at Pensacola is reported at Vernon and the steamer of like name tried to get over to the Washington county capital site to load it but was unable to do so on account of the low water, C. V. THOMPSON ISSUES ORDERS two impassable bars having been encountered. As told herein yesterday, the steamer struck on one of the bars. There is much traffic now being offered from that section and an effort will be made to have the war department order the government snag boat, now in the Holmes river, do some work on the bars. Such would get good results for Pensacola.

UNUSUALLY LARGE RECEIPTS AND EXTRAORDINARILY BIG REPORTED YESTERDAY BY EIGHT VESSELS WHICH CAME IN FROM THE SNAPPER BANKS.

Forty tons, or eighty thousand pounds, of red snappers were received by wholesale fish dealers vesterday eight vessels having put in during the day and reporting their respective catches. There was much rejoicing at the fish centres, for large catches mean larger division shares for the captain and each individual member of each vessel's crew. Itemized, in pounds, the receipts by

Aureola ......11,000

Osceola ..... 9,000

One of the features with most of the catches was the extra largesized fish which were unloaded. It was said by some of those engaged in the business that they had taken more big fish on the trip just finished than on any other previous trip. The Caviare, to Saunders & Co., and the Osceola, to Warren & Co., reached their docks late in the evening and will not discharge until today.
